D.O. No. 2025-26/MLA-BMR/24

Date :- 31-05-2025

*Dear Mukesh Ji,
Jai Hind,*

Through this letter, I would like to bring to your attention an important concern regarding the continued use of outdated maps of India in several government and private schools across District Chamba. It has been observed that some schools still display old maps that do not reflect the correct and updated boundaries of the country, which can lead to misinformation among students and raise serious national concerns.

In light of this, I request your good office to direct the Education Department and concerned authorities to conduct a survey and ensure that all schools replace outdated maps with the latest official map of India as per Government of India guidelines. It is vital that students are taught using accurate and officially approved materials, especially in matters of national geography and territorial integrity.

This step will not only promote factual education but will also instill a sense of national pride and awareness among young learners.

Your timely action in this regard will be highly appreciated.

हिमाचल प्रदेश विधान सभा

Sh. Mukesh Repaswal, IAS
Deputy Commissioner
Chamba District H.P

Janak Raj
Dr. Janak Raj
MLA, Bharmour-Pangi
District Chamba (H.P.)
